

The Vittoria Corsa Evo SC is the professional's choice when it comes to tubular tires. The Corsa Evo SC offers unparalleled performance in the most demanding of conditions. From the new multi-directional diamond tread to the classic para sidewall, the new Corsa Evo SC is an instant hit and ready to take on the peleton.

-Vittoria Corsa Evo SC

- Newest member of the Servizio Corse family for 2011 - Handmade Tubular
- New multi-directional file tread design gives proven grip and in a multiple of road conditions.
- Twin Tread is simple= it gives greater resistance to wear at the top via thicker and a firmer compound, while the side tread is thinner and more supple for better grip in cornering
- 320 TPI polycotton casing for greater suppleness and road contact.
- Handmade casing, typical of Vittoria tires
- PRB (Puncture Resistance Belt) decreases tire damage and punctures by up to 40% via a high density aramidic belt below the tread.
- Traditional para sidewall material for classic looks
- 250 grams, 115-145 psi
- 700x23 size only
- Available Early Spring 2011
- 111.99 USD MSRP
- Available in an "Open Tubular" clincher version-
Open Corsa Evo SC
 - 700x23
 - 210g
 - 73.99
